**B.Tech. Degree II Semester Regular and Supplementary /
I Semester Supplementary Examination May 2017**

**CE/EE/ME/SE AS 15-1206 A & CS/EC/IT AS 15-1106 B
ENVIRONMENTAL STUDIES
(2015 Scheme)**

Time: 3 hours.

Maximum Marks: 60

PART A
(Answer *ALL* questions)

(10 × 2 = 20)

- I. (a) Define biodiversity hot spot.
(b) Explain saline water intrusion.
(c) Give any three examples of renewable energy sources.
(d) Explain the goal of Kyoto protocol.
(e) Explain biosphere reserves.
(f) Differentiate bioaccumulation with biomagnifications.
(g) Define CRZ.
(h) Explain various impacts of noise pollution.
(i) Write down the impacts of dioxins.
(j) Explain the reasons for man-wildlife conflict.

PART B

(4 × 10 = 40)

- II. (a) Explain the threats to biodiversity.
(b) Explain the environmental impacts of clay mining and quarrying.
- OR**
- III. (a) Briefly explain the environmental impacts of dams.
(b) Explain the concept of sustainable development.
- IV. (a) Give an account on ecological succession.
(b) Explain various ecological pyramids.
- OR**
- V. (a) Explain the significance of considering a region as a megadiversity region.
(b) Give an account on insitu and exsitu conservation methods.
- VI. (a) Write down the significance and impacts of Nuclear pollution.
(b) Write your views on solid waste problems in Kerala. Suggest remedial measures.
- OR**
- VII. (a) Explain the causes and consequences of landslides.
(b) Explain biodiversity act.
- VIII. (a) Give an account on the sources of water pollution.
(b) Explain various types of smog.
- OR**
- IX. (a) Briefly explain the impacts on global warming.
(b) Explain various water conservation strategies and methods.
